Dear Parents and Community Members:

I am pleased to present you with the Annual Education Report (AER) which provides key information on the 2013-2014 educational progress for Cleveland Elementary School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability and teacher quality. If you have any questions about the AER, please contact me, Mike Daraskavich, Principal of Cleveland Elementary School, for assistance.

The AER is available for you to review electronically by visiting the following web site www.livoniapublicschools.org/cleveland or you may review a copy in the main office of our school.

The AER has two major sections to it that are required by state law. The information contained in the first section was compiled by district staff. It presents relevant information about our district, our academic programs, school improvement efforts, two years of results on district developed assessments and nationally norm referenced assessments. It also includes the district's parent involvement policy and specialized programs.

The second section of the report contains information provided by the Michigan Department of Education.

The state has identified some schools with the status of Reward, Focus or Priority. A Reward school is one that is outperforming other schools in achievement, growth, or is performing better than other schools with a similar student population. A Focus school is one that has a large achievement gap in 30% of its student achievement scores. A Priority school is one whose achievement and growth is in the lowest 5% of all schools in the state.

Cleveland Elementary School has not been given one of these labels.

Cleveland Elementary has a growing economically disadvantaged population of students that struggle to meet grade level expectations. This subgroup is heavily represented in our bottom 30% of students. In order to address these challenges, we have an extensive support system in place made up of classroom interventions, Title I support, and a Multi-Tiered Support System.

Our school has identified underperforming subgroups of students, including: economically disadvantaged students, for whom additional intervention and support is needed in order to increase their proficiency and to close the achievement gap in the targeted areas.

In place is a multi-tiered system of support, including the use of the research-based interventions, such as a reading program entitled Leveled Literacy Intervention. In addition, ongoing professional development and dialogue focusing on strategies to support struggling learners takes place regularly. Ongoing analysis of formative assessment to determine the needs of all students, followed by the provision of targeted learning intervention to students in need.

These initiatives are intended to accelerate the student achievement of subgroups, including the state's new Bottom 30%, that are not meeting our school's proficiency targets.

Our collaborative efforts positively impact our school's success and student achievement.

Sincerely,

Mike Daraskavich, Principal

The Livonia Public Schools School District prohibits unlawful discrimination on the basis of race, color, religion, sex, national origin, age, height, weight, marital status, handicap or disability in any of its educational programs or activities. SCHOOL PROFILE

Cleveland Elementary School serves 450 students in grades K-4. For the 2014-2015 school year, Cleveland is excited to welcome a GSRP Pre-School classroom. The principal of Cleveland Elementary School is Michael Daraskavich, and there are 18 professional teaching staff members and a media specialist.

In addition, there are the following professional support staff: Elementary Support Teacher, school psychologist, school social worker, speech and language therapist, resource classroom teacher, teacher consultant outreach, occupational and physical therapist, and Title 1 support staff, homebound or hospitalized services.

Assisting all of us in keeping the building operating in an organized manner, keeping the building clean, serving nutritious food, and helping teachers and students are: custodians, secretaries, paraprofessionals, and lunchroom personnel.

State law requires that we report the following additional information.

ASSIGNING PUPILS TO THE SCHOOL

All students are assigned to Cleveland Elementary based upon attendance within the geographic boundaries of the school as well as students who transfer in based upon seats available.

SCHOOL IMPROVEMENT

School improvement is a process in which stakeholders in a school work cooperatively to improve student achievement. The process relies on staff, parents, and students participating in collaborative decision making in formulating and implementing achievement goals. The goals are determined through analysis of student achievement data and survey information. Action plans using proven interventions are developed for each improvement goal and progress toward achievement of the goals is documented annually.

Goals for 2013-2014:

1. All students will be proficient in reading.
2. All students will be proficient in writing.
3. All students will be proficient in math.
4. All students will be proficient in science.
5. All students will be proficient in social studies.
6. All students will participate in the Cleveland Mentor Program.

Goals for 2012-2013:

7. All students will be proficient in reading.
8. All students will be proficient in writing.
9. All students will be proficient in math.
10. All students will be proficient in science.
11. All students will be proficient in social studies.
12. Cleveland Mentor Program will be implemented in 2013-14.

The Livonia Public Schools School District has had its District Level accreditation through AdvanceEd. Through the district accreditation process, Cleveland Elementary School also received AdvancED accreditation. The AdvancED accreditation process supports and validates district and school level improvement efforts.

SPECIALIZED SCHOOLS OR PROGRAMS

At the elementary level, students may be enrolled in Alternative Classrooms for the Academically Talented (ACAT) at Webster Elementary School and special education centers at Buchanan, Cass, Coolidge, Riley, Cooper and Johnson. Preschool special education programs are located at Perrinville Early Childhood Center. Other special education programs are available in western Wayne County for our students with disabilities, based upon their individual needs. A preschool is operated at the Jackson Center. Specific information about these programs is available on the district Web site at www.livoniapublicschools.org.

CORE CURRICULUM

The core curriculum at Cleveland Elementary provides learning experiences in reading, writing, speaking, listening, spelling, handwriting, mathematics, social studies, science, technology, health, physical education, art, vocal music, and enrichment activities. The core curriculum is based on the grade level content expectations (GLCEs) from the Michigan Department of Education and the Common Core State Standards for Mathematics and English Language Arts.

The goal of education is to provide all learners with a solid foundation of skills, knowledge, and understandings that are necessary for their continual growth and success as students within the school setting and as adults in society. As a result of sound K-12 education based on well defined educational outcomes, a Livonia Public School graduate will:

- Respect self, others and the environment.
- Communicate effectively.
- Know how to learn and work productively.
- Acquire and process information.
- Use critical and creative thinking to make decisions and solve problems.
- Work and participate independently and cooperatively.
- Acquire a core of understanding and competencies within the content areas.

A copy of the core curriculum may be obtained from the district's Academic Services Department.

STUDENT ACHIEVEMENT ON DISTRICT DEVELOPED AND NATIONAL ASSESSMENTS

DISTRICT LITERACY ASSESSMENTS

Students in kindergarten are assessed on a one-on-one basis regularly during the school year to measure progress toward grade-level literacy skills. The following table, Early Literacy Benchmark Assessment - Kindergarten, shows the results of this testing by school and district. Teachers on the CCSS Implementation Team and Middle School ELA Committee played a leadership role in facilitating professional learning for K-8 teachers to support implementation of the reading and writing units of the study developed by MAISA (Michigan Association of Intermediate School Administrators).

Students in grades 1-4 are assessed using the Fountas and Pinnell Benchmark Assessment System. Teachers administer running records with comprehension to students one-on-one.

Kindergarten teachers administer reading records with comprehension at the end of the school year. Students in grades 1-2 are assessed a minimum of four times each year. Students in grades 3-4 are assessed a minimum of two times each year. The following table shows the percent of students at each grade level that performed at or above grade level on this assessment.

DISTRICT MATHEMATICS ASSESSMENTS - ELEMENTARY

Students were assessed in mathematics knowledge twice during the 2013-14 school year. In September, students in Kindergarten were tested on Common Core State Standards for Mathematics (CCSS) strands taught within the *Everyday Mathematics* program. Students in grades 1-5 were tested on Common Core State Standards for Mathematics (CCSS) and reported using Grade Level Content Expectations (GLCEs) strands taught within the *Everyday Mathematics* program.

Kindergarten students were assessed with a new Pre/Post assessment created by the district and students in grades 1-5 were assessed using a new Pre/Post *Everyday Mathematics* online assessment.

In April, students in grades K-5 were assessed again on the same Grade Level Content Expectations (GLCEs) and Common Core State Standards for Mathematics using the same assessments that were administered in September.

The following data show the percentage of students who were proficient at each grade level on the Pre/Post mathematics assessment.

PARENT TEACHER CONFERENCES

One of the most important factors of a child's success in school is the involvement of parents or guardians in the educational process. Cleveland Elementary has a high degree of parental involvement as 90% of our parents (630) attended parent-teacher conferences during the 2013-2014 school year and 97% of our parents (427 students represented) attended parent-teacher conferences during the 2012-2013. Our Open House attendance was 96%, and our PTA membership is 47%.

PARENT INVOLVEMENT

No Child Left Behind (NCLB) requires the annual dissemination of the district's policy on Parent Involvement.

BOARD POLICY

IDD(1)

PARENT INVOLVEMENT

JUNE 20, 2011

The Board strongly encourages and welcomes the involvement of parent(s)/guardian(s) in all of the District's educational programs. It is recognized and appreciated that parents/guardians are the "first teachers" of their children, and that their interest and involvement in the education of their children should not diminish once their child enters the schools of the District. Accordingly, the Board directs, by the adoption of this policy, that the administration shall design a program/plan that will encourage parent(s)/guardian(s) participation that may include, but not be limited to: The development and review of instructional materials; input on the ways that the District may better provide parent(s)/guardian(s) with information concerning current laws, regulations, and instructional programs; and District offerings of training programs to instruct parent(s)/guardian(s) how to become more involved in their child's educational programs.

Pursuant to state law, the Superintendent shall provide a copy of the District's Parental Involvement plan to all parents.

The district's Parent Involvement Plan is available on the district's website, which is linked to each school's website.

The following pages are provided by the Michigan Department of Education and fulfill federal NCLB reporting requirements. These pages cannot be amended, modified or adjusted. They must be included as provided by the state.

The state assessment data does not include a description of the assessments. Livonia Public Schools has provided the following definitions to assist you in your understanding of the assessments.

MEAP assesses mathematics and reading to all third-eighth grade students, writing to all fourth and seventh graders, science to all fifth and eighth graders, and social studies to all sixth and ninth graders. Only mathematics, ELA/reading and science scores are reported in the following pages.

MI-Access is Michigan's alternate assessment system, designed for students with cognitive impairments whose IEP (Individualized Educational Program) Team has determined that MEAP assessments, even with accommodations, are not appropriate.

Participation is for students with severe cognitive impairment, or those who function as if they have such impairment.

Supported Independence is for students with moderate cognitive impairment, or those who function as if they have such impairment.

Functional Independence is for students with mild cognitive impairment, or those who function as if they have such impairment.
